Dear Applicant Letter

UNITED STATES DEPARTMENT OF EDUCATION

OFFICE OF POSTSECONDARY EDUCATION

Dear Applicant:

Thank you for your interest in applying for a fiscal year 2021 (FY 21) grant award under the Fulbright-Hays Doctoral Dissertation Research Abroad (DDRA) program. This application booklet includes the instructions and forms required to submit a complete application package to the U.S. Department of Education (the Department).

Institutional grants awarded under the DDRA program enable U.S. institutions of higher education (IHEs) to provide fellowships to meritorious doctoral students who propose to conduct dissertation research overseas for a period of 6 - 12 months. To be eligible for DDRA fellowships, doctoral students must be admitted to candidacy in modern foreign languages and area studies programs at U.S. IHEs.

While we encourage you to read the entire application package carefully before preparing your application, this cover letter provides the following highlights for your consideration:

- Information about the DDRA program is accessible on the U.S. Department of Education's Web site at: <http://www.ed.gov/programs/iegpsddrap/index.html>
- The FY 21 Notice Inviting Applications (NIA) published in the Federal Register contains the official requirements for the competition. Applicants should not rely upon any information that is inconsistent with the official NIA document. **Added below before maintenance allowances.**
- The "Competition Highlights" includes the absolute, competitive preference and invitational priorities and provides additional details about the competition.
- U.S. IHEs are the legal applicants under the DDRA program. Although the fellowships are subsequently awarded to students, only IHEs are eligible applicants and potential grantees.
- The project directors at the applicant IHEs must be registered in the G5 e-Application system in order to submit the institutional applications on behalf of your doctoral students. The registration requirements and procedures are included in the application booklet.

The list of DDRA institutions and program project directors currently registered in the G5 e-Application system is included in the application booklet. If your institution is not listed, or your project director has changed, please contact Dr. Pamela J. Maimer at ddra@ed.gov with the new project director's contact information as soon as possible.

The Department strongly encourages electronic submission of all FY 21 grant applications. You may access the Department's G5 e-Application system using the portal page at: www.G5.gov

Please be advised that electronic submission of applications via the G5 e-Application system is required unless you qualify for one of the exceptions described in the Notice Inviting Applications. If you think you may need an exception, please review the exception requirements early on your application preparation process.

And finally, applications must be submitted on or before the deadline date. Late applications will not be considered, and applicants cannot submit any changes or additions to their applications after the deadline date. The Department is required to enforce the established deadline to ensure fairness to all applicants.

We look forward to receiving your application and appreciate your efforts to strengthen U.S. capacity in international and foreign language expertise and prepare students with the global competencies needed to meet today's global challenges.

Sincerely,

/s/

Cheryl E. Gibbs
Senior Director
International and Foreign Language Education

Competition Highlights

1. Please note the following program priorities:

a. **Absolute:** The Department will only consider applications that meet this priority.

This priority is: A research project that focuses on one or more of the following geographic areas: Africa, East Asia, Southeast Asia and the Pacific Islands, South Asia, the Near East, Central and Eastern Europe and Eurasia, and the Western Hemisphere (excluding the United States and its territories).

b. Competitive Preference Priority 1: Focus on Less Commonly Taught Languages (2 points). A research project that focuses on any modern foreign language except French, German, or Spanish.

c. Competitive Preference Priority 2: Thematic Focus on Academic Fields (3 points). A research project conducted in the field of science, technology, engineering, mathematics, computer science, education (comparative or international), international development, political science, public health, or economics.

Note: Applicants that address Competitive Preference Priority 2 must intend to engage in full-time dissertation research abroad in modern foreign languages and area studies with a thematic focus on any one of the academic fields referenced above.

2. Please note that these priorities are explained in detail in the Federal Register notice.

Potential applicants are strongly encouraged to review the Federal Register notice carefully before preparing an application.

3. Please note that, although the DDRA program funds student research, the legal applicant is the institution of higher education (IHE), and if a grant is awarded, the institution is the legal grantee. Students are not able to apply for this funding independently. In order to apply for this fellowship program, it is necessary for the student and the institution to coordinate their competition activities and keep each other informed.

4. Electronic applications must be submitted via the U.S. Department of Education's G5 e-Application system. This system may be accessed at www.G5.gov. Both the student and the IHE must complete their portions of the application correctly and submit separately via the G5 e-Application system.

5. The application must be received on or before the deadline date and time. Please note that the U.S. Department of Education's grant application deadline is at 4:30:00 pm Washington, DC time. Late applications **will not be accepted**.

6. Electronic submission of an application is required unless it qualifies for one of the (rare) exceptions to the electronic submission requirement as outlined in the Federal Register notice.
7. We recommend that you (1) limit the application narrative to no more than ten (10) and the bibliography to no more than two (2) pages; and (3) use a font that is either 12 point or no smaller than 10 pitch (characters per inch) with one of the following fonts: Times New Roman, Courier, Courier New, or Arial.
8. Student transcripts must be scanned as one document and uploaded into the student application. ***Please redact all Personally Identifiable Information (PII) such as, birthdate, SSN, address, etc., from transcripts before uploading.***

Applicants are reminded that the Federal Register notice is the official document for application guidelines and that applicants should not rely upon any information that is inconsistent with the guidance contained within it.

Priority Questions

Competitive Preference Priority 1--Focus on Less Commonly Taught Languages (2 points).

A research project that focuses on any modern foreign language except French, German, or Spanish.

Competitive Preference Priority 2--Thematic Focus on Academic Fields (3 points).

A research project conducted in the field of science, technology, engineering, mathematics, computer science, education (comparative or international), international development, political science, public health, or economics.

Note: Applicants that address Competitive Preference Priority 2 must intend to engage in full-time dissertation research abroad in modern foreign languages and area studies with a thematic focus on any one of the academic fields referenced above.

Guidelines for Student Applicants

There are two parts to this application. The first section contains information and forms for the institution of higher education (IHE). The second section contains instructions and forms for the student applicants.

Although the DDRA program funds student research, the legal applicant is the institution, and if a grant is awarded, the institution is the legal grantee. Students are not able to apply for this funding independently. In order to apply for this program, it is necessary for the student and the institution to coordinate their activities and keep each other informed.

Applications must be submitted electronically via the US/ED's G5 grant management system. This system may be accessed at www.G5.gov. Both the student and the institution must complete their portions of the application correctly and submit via G5. Students and Project Directors should read through the following guidelines and the information in this application package very carefully, especially the Federal Register notice, and follow the instructions in order to submit a timely and complete application to US/ED.

The institution must appoint a Project Director. The Project Director is the individual at the university who will actually submit the application to US/ED, and who will administer the grant and disburse funds, should any students at the university receive funding. This person is usually someone in the office of the Dean of Graduate Studies or Student Affairs. It is not recommended that a student's advisor serve as the Project Director. There can be only one Project Director at an institution, and that person administers the grant and serves as the point of contact for all of that institution's fellows, regardless of research topic or discipline. A student should:

- Read the entire application package carefully.
- Contact his/her university's Project Director as soon as possible, to inform him/her that he/she will be submitting an application, and to inquire about any internal deadlines.
- Register in the G5 system as a student, and construct his/her application.
- Be sure to initiate the e-mails to his/her references as early as possible, to avoid last minute delays. Remind his/her reference writer of the internal deadline set by the institutional project director.
- Submit his/her completed application via the G5 e-Application system well in advance of the Closing Date. (It is a good idea for a student to contact the Project Director and let him/her know when the student has submitted his/her application)
- Confer with the Project Director before the Closing Date to ensure that all portions of the application were submitted successfully, and no changes need to be made.
- Prepare the required narrative, if the project involves Human Subjects Research and/or requires IRB approval, and submit the narrative to the Project Director well in advance of the Closing Date. The instructions regarding Human Subjects Research are located in the Instructions for ED Supplemental Information for SF 424. The student must then submit their narrative to their Project Director for uploading into the application.
- Upload a scanned copy of their transcript into G5 e-Application.

Program Objective

Section 102(b)(6) of the Mutual Education and Cultural Exchange Act of 1961 (Fulbright-Hays Act) has as its objective the promotion, improvement, and development of modern foreign languages and area studies throughout the educational structure of the United States. To help accomplish this objective the Doctoral Dissertation Research Abroad Program provides opportunities for scholars to conduct research overseas in the field of modern foreign languages and area studies.

For the purpose of these programs, area studies is defined as a program of comprehensive study of the aspects of a society or societies, including the study of their geography, history, culture, economy, politics, international relations, and languages.

Research overseas means research outside the United States and its territories. Research will not be funded in countries in which the United States has no diplomatic representation or which are specifically excluded in the Federal Register notice. For a complete description of the program, consult the US Department of Education Regulations 34 Code of Federal Regulations Part 662 found earlier in this application package.

Eligibility Requirements

To be eligible to receive a fellowship under the DDRA Program, a student must:

1. (a) Be a citizen of the United States; or
(b) Be a permanent resident of the United States*;
2. Be a graduate student in good standing at an eligible institution of higher education and who, when the fellowship period begins, has been admitted to candidacy in a doctoral degree program in modern foreign languages and area studies at that institution;
3. Plan a teaching career in the United States upon graduation; and
4. Possess adequate skills in the foreign language(s) necessary to carry out the dissertation research project.
5. Students may not accept certain grants (Fulbright US Student Program administered by IIE(FUSP), Boren, IREX, Japan Foundation) in the same fiscal year that they receive a US/ED Fulbright-Hays grant.
6. Student applicants who have received support for more than 6 months under the DDRA Program are not eligible to re-apply.

Special Note on FUSP grants: Under 34 CFR 662.22(b), no applicant may receive concurrently a grant from the FUSP and a grant from the Fulbright-Hays DDRA Fellowship Program. Once a candidate has accepted an award from FUSP and FUSP has expended funds on the student, the student is then ineligible for a grant under the Fulbright-Hays DDRA Fellowship Program. A student applying for a grant under the Fulbright-Hays DDRA Fellowship Program must indicate on DDRA Form 022, Item 23 if he/she has currently applied for a FUSP grant. If, at any point, the candidate accepts a FUSP award prior to being notified of the candidate's status with the Fulbright-Hays DDRA Fellowship Program, the candidate should immediately notify the program contact person. If, after consultation with FUSP, we determine that FUSP has expended funds on the student (e.g., the candidate has attended the pre-departure orientation or was issued grant funds), the candidate will be deemed ineligible for an award under the Fulbright-Hays DDRA Fellowship Program at that time.

U.S. Permanent Resident Research Guidelines

U.S. Legal Permanent residents (i.e. “green card” holders) applying for funding under the DDRA program may not conduct their dissertation research in their country of origin. Therefore, we will not accept applications from students requesting to conduct their research in their country of origin. For example, an applicant with a passport from Hong Kong may not apply to conduct their dissertation research in Hong Kong; however, they may apply to conduct their research in India.

Additionally, US/ED will not approve travel to countries for which the U.S. Department of State has strongly urged private American citizens to depart immediately for reasons of personal security (i.e., “ordered departure”), or suspended its Fulbright program for the same reason. US/ED will not approve travel to countries under an “authorized departure” where the Ambassador has specifically requested Fulbright fellows to leave for security or health reasons.

Instructions for Students

U.S. Department of Education Fulbright-Hays Doctoral Dissertation Research Abroad Form 022:

In order that each individual applicant is properly evaluated in accordance with the published procedures, eligibility requirements, and evaluation criteria, each individual scholar applying for the Fulbright-Hays fellowship must complete this electronic form.

Item 1-4: Self-explanatory

Item 5: Select the name of the institution through which you are applying. If your institution does not appear on this drop-down list, please contact your institution’s grants/sponsored research office to inquire about a project director. Only institutions whose project directors have registered in G5 e-Application appear on this list. Please ensure that you choose the right campus (i.e., University of Texas at Austin, University of Texas at Brownsville, etc.). A student planning to conduct dissertation research must apply to the DDRA Program through the university in which he/she or she is enrolled in a doctoral program.

Items 6-7: Self-explanatory

Item 8: Indicate all countries in which you plan to conduct research with Fulbright-Hays Doctoral Dissertation Research Abroad support. If successful, these are the only countries you will be approved to conduct research in.

Item 9: Indicate all foreign languages to be used in your research during the fellowship period and obtain a completed *Fulbright-Hays Foreign Language Reference Form* for each foreign language listed. If English or your native tongue is the language of research, you must list it here, but a Foreign Language Reference Form is not required. Though a reference form is not required, the G5 system mandates a form. For English only, please list yourself as the reference writer and submit the form. This will alleviate any technical problems with the form.

Please see criteria 3 under Qualifications of the Applicant.

Item 10: Indicate the start and end dates for conducting your research under the fellowship. Activation of the award may be as early as October 15, 2021, provided: a US/ED Grant Award Notification has been executed; travel has been approved; the appropriate research clearances and research visas have been secured by the individual scholar; and, if requested, human subject research clearance has been obtained. All research and travel must be completed by March 31, 2023. Graduate students may receive fellowships for a period of 6 to 12 months for full time doctoral dissertation research abroad. Fellowships are not renewable.

Item 11: Indicate the date on which you were or will be advanced to candidacy for a doctoral degree. An applicant must be advanced to candidacy by the time his/her or her overseas research begins, but not necessarily at the time of application.

Note: Fellowships are from 6 to 12 *consecutive* months in the field. Fellows may not leave their research sites for the duration of the research period, except in cases of family or medical emergencies. Fellows have 18 months in which to schedule their research periods. Family events such as weddings or anniversaries, or academic events such as conferences or presentations, should be taken into account by the fellow when planning his or her research.

Item 12: Self-explanatory

Item 13: If resident alien, provide Alien Registration Number, country of birth, and previous citizenship. Please refer to the program's citizenship requirements in the program-specific regulations.

Item 14: Self-explanatory

Item 15: Note that doctoral candidates planning careers other than teaching are eligible to apply.

Item 16: Please list title of research project. Remember to take care when choosing the title. If successful, the review process is multi-layered.

Item 17: Provide an abstract of no more than 120 words describing your proposed research including a summary of the research to be conducted as well as institutional and individual affiliations. Remember to take care when writing the abstract. If successful, the review process is multi-layered.

Item 18: Self-explanatory

Item 19: Indicate previous relevant foreign travel, period of stay and purpose (e.g., participation in an overseas language program) and specify all previous travel to the proposed host countries listed in item 8.

Items 20-21: Indicate whether you are in default on any U.S. Department of Education Student Financial Assistance loan, U.S. Department of Education grant or any other Federal loan.

Item 22: Indicate all previously held fellowships.

Item 23: Indicate current applications for other fellowships.

Item 24: Enter the name, address and telephone number of the physician or certified nurse practitioner, and the date of recent physical exam. This is to ensure that the applicant is physically capable of carrying out the proposed research project. Do not send a separate medical evaluation. Actual signatures may be requested at a later date.

Item 25a: List, starting with the airport closest to your address, all points of international travel related to your proposed project departure from and return to the United States (e.g., Philadelphia, PA - London, UK – Johannesburg, SA - London, UK -

Philadelphia, PA). The itinerary should not exceed a 12-month period and must include all countries for which a maintenance allowance is requested. All international travel estimates should be based on commercial high season rates for jet economy travel on U.S. flag carriers and should also include baggage fees. If approved in advance, international travel by automobile, train, or ship may be authorized in certain cases. The cost of travel by surface carrier may not exceed the cost of jet economy travel via the most direct route for the itinerary listed in the Grant Award Notification. Travel by sea also must be on a U.S. flag carrier. You will not be authorized to travel on grant funds until you have secured the appropriate "research" visas, research permission, and, if necessary, the appropriate affiliation with a host country institution. (Note: please see **Important Note Regarding Host Country Research Clearances**). All travel paid for with grant funds must be in accordance with the **Fly America Act** (International Air Transportation Fair Competitive Practices Act of 1974, PL 93-624, PL 96-192). This means that travel must be on American carriers wherever available, regardless of cost. In cases of "code-share" tickets between an American and an overseas carrier, the name and flight number of the American carrier, rather than those of the overseas carrier, must be displayed on the airline tickets. Travel must be approved by the US/ED program officer before a fellow departs. No support for dependents' travel is provided.

Item 25b: Enter the maintenance stipend for all countries of research utilizing the information provided in the link to **Fulbright-Hays Maintenance Allowances**. Allowances from other than personal sources (e.g. fellowships) which duplicate benefits received under this program will be deducted from the fellowship. Adjustments will also be made in cases where other organizations assume all or part of a fellow's maintenance costs.

Item 25c: A dependent means any of the following individuals who will accompany you to your research site and for whom you will be providing over 50 percent support during the entire overseas research period:

A. Spouse of program participant; A student is considered married if the student was legally married in any domestic or foreign jurisdiction that recognizes the relationship as a valid marriage, regardless of where the couple resides. The Department has determined that any legal marriage that is recognized by the jurisdiction in which the marriage was celebrated will be recognized for DDRA program purposes without regard to whether the marriage is between persons of the same sex or opposite sex, and without regard to where the couple resides. It also applies to a student attending an institution located in a jurisdiction that recognizes same-sex marriage and in a jurisdiction (e.g., a state) that does not recognize same-sex marriage. Further, this determination applies only to marriages and does not apply to registered domestic partnerships, civil unions, or similar formal relationships recognized under state law. These definitions are found in *United States v. Windsor*, 570 U.S.

or

B. Children unmarried and under 21 years of age.

Note: Dependents must accompany the researcher for the entire research period in order to be eligible for an allowance. Enter the dependents'

allowance by referring to the **Fulbright-Hays Maintenance Allowances**.

Item 25d: Compute and justify in detail your needs for this allowance that may include expenses such as books, copying, hard drives, travel within host countries, affiliation fees, etc. This allowance does not cover any visa fees, passport expenses, including photographs, equipment costs (laptops, digital cameras, recorders, cars, mopeds, bicycles, etc.), research or transcription assistants, language tutoring, tuition or fees that might be required by the American grantee institution, or medical expenses such as malaria pills or vaccinations.

Item 25e: The Department of Education will include sufficient funds to enable an institution to purchase basic health and accident insurance for each student fellowship recipient only. The university may use its discretion whether to use a university-contracted carrier or a student-contracted carrier. Compute the amount requested utilizing group rates of university-contracted carriers for coverage overseas. The amount requested for insurance must be prorated to reflect only the student's time in the field.

Item 25f: Fixed \$100 administrative fee paid to institution.

Item 25g: This will be the sum of 25a-f.

Item 26-27: Self-explanatory

Item 28: The curriculum vita must be uploaded into the G5 e-Application system. It should address those previously cited evaluation criteria focused on the qualifications of the individual applicant. You should list relevant course work dealing with your language and area studies specialization; indicate fellowships and honors received; describe your publications record and any other items which, in your opinion, give a panel of scholars a comprehensive view of your past achievements, ability to successfully complete the particular research described in this proposal, and overall promise as a teacher and/or research scholar.

Item 29:

1. The application narrative must be uploaded as an attachment into the G5 e-Application system. **Please note the page limitations specified in the Federal Register notice.** You should develop your application narrative taking into account the evaluation criteria provided in the sample Technical Review Form. It is advised that the applicant review the Technical Review Form provided and write their narrative in a way that answers all questions thoroughly. Do not leave out answers for any questions. Please note that in addition to language and area studies scholars, non-specialists are included in the evaluation process and that host country officials will review your application and ultimately decide whether research permission is granted. You may also wish to consider the following factors when developing your narrative:
 - a. Host country political sensitivities and interests
 - b. Host country visa requirements (it is recommended that applicants review host country visa requirements before applying) Feasibility of research
 - c. Safety and security concerns
 - d. The use of English that can readily be understood by well-educated non-specialists.

Awards are not made to applicants planning to conduct research on topics that are determined to be politically sensitive or unfeasible by the U.S. Embassy or Fulbright

Commission in the host country. It should also be noted that the U.S. Department of Education will not submit to the host country "dummy" proposals (i.e., proposals that do not accurately reflect the research purpose in the hope of avoiding difficulties with host country acceptance of the proposal).

When writing the narrative students should have a well-thought out hypothesis; use well-defined terms and variables. The proposed research should be based on solid reasoning and previous research. It should pose a specific research question with a predicted outcome and a reasonable scope given the time to completion.

2. The bibliography must be uploaded as an attachment into the G5 grant management system. **Please note the page limitations specified in the Federal Register notice.**
3. Host country supporting materials must be uploaded as an attachment into the G5 e-Application system. Host country supporting materials refers to letters of invitation, affiliation, etc. Though not required for the application, this information only serves to strengthen an application. All host country supporting materials must be combined into one document for uploading into the G5 e-Application system.
4. Transcripts must be uploaded as an attachment into the G5 e-Application system. All transcripts must be combined into one document for uploading into the G5 e-Application system. Remove all personally identifiable information, including social security numbers, birthdate, student IDs or addresses prior to uploading documents.
5. Please note the following tips related to attaching images of transcripts to your application: Make a copy of the original file before continuing.
 - a. Crop the image using any standard image editing tool and remove any unnecessary portions of the picture.
 - b. Change the overall pixel dimensions to go smaller either by "Image Size," "Resize," or "Resample". Try to make the image dimension closer to 640 x 480 pixel (approximately 4 x 7 image size). This will make the image smaller and easy for sharing.
 - c. After sizing the image, be sure to do a Save As so you don't overwrite your original file. Save the image as a JPEG or JPG file.
 - d. When choosing the compression level, keep quality in the medium to high range. You may want to target a file size of 30 to 100 KB per image. Try not to exceed 100 KB per image.
 - e. Once the images have been resized and saved as JPEG/JPG format, they will have a small size compared to the original files. Use these new images to create the final document in PDF format.

Instructions for Fulbright-Hays Foreign Language Reference Form

The language reference form, which is required for this program, should be completed by a specialist in the language. Student applicants must initiate an e-mail to their referring specialists via the G5 e-Application system. Upon receipt of this e-mail, the reference will be able to access the G5 e-Application system and complete the reference form. When the reference submits the form, it will automatically become part of the student's application, so that it is submitted to US/ED when the Project Director transmits the entire application package. All completed reference forms must be submitted to the Project Director for transmittal to US/ED via G5 e-Application. Do not submit your references directly to US/ED, as they will not be accepted or included with your application. **Please remind your reference writer to submit the form by**

the internal deadline set by your institutional Project Director. The G5 e-Application system will not accept submission from web/email accounts and servers not located in the United States.

A completed reference for each language listed in item 9 of the **Fulbright-Hays Foreign Language Reference Form** must be submitted.

Special Note on Language Acquisition

If an applicant is a native speaker or a heritage language speaker, this should be reflected in the application. The term native speaker means a person who has spoken the language in question from earliest childhood and remains fluent in that language. The term “heritage” speaker is used to refer to a student who is raised in a home where a non-English language is spoken, who speaks or merely understands the heritage language, and who is to some degree bilingual in English and the heritage language, but lacks native level fluency in writing, speaking, and understanding in that language. In most cases, the heritage speaker will have attended schools in which the principal language of instruction is English rather than the language spoken at home. Applicants who self-identify as a heritage speaker will be evaluated according to their proficiency scores in the application. We recommend that students list their language acquisition status in their CV to clarify their status (native speaker, non-native speaker, heritage speaker). It is the student’s responsibility to ensure their language acquisition status is clear in the application. During the review process, if the language learner status is not clear in the application, the reviewers will score as they feel appropriate based on the information provided.

Please be aware that in our regulations under §662.21 (c)(3), native speakers are not eligible for points (Criterion 3 under “Qualifications of the Applicant”). Heritage speakers may be eligible for up to 10 points, provided that (1) self identifies as a heritage language speaker; (2) the applicant provides information on their primary and secondary education location and primary language of instruction; (2) additionally the applicant must be rated by their Foreign Language Referee as advanced or expert level in language proficiency scores. The reasoning behind this scoring is that the DDRA program is intended to enhance the foreign language competence of individuals trained in American schools, and the criterion gives greater emphasis to having acquired a foreign language and would encourage students to acquire an additional foreign language.

Instructions for Fulbright-Hays Graduate Student Reference Form

One of the three personal references must be obtained from the student's dissertation advisor. Student applicants must initiate an e-mail to their references via the G5 e-Application. Upon receipt of this e-mail, the reference will be able to access the G5 e-Application system and complete the reference form. When the reference submits the form, it will automatically become part of the student’s application, so that it is submitted to US/ED when the Project Director transmits the entire application package. All completed reference forms must be submitted to the Project Director for transmittal to US/ED via the G5 e-Application. Do not submit your references directly to US/ED as they will not be accepted or included with your application. **Please remind your reference writer to submit their form by the internal deadline set by your institutional Project Director. The G5 e-Application will not accept submission from web/e mail accounts and servers not located in the United States. As a precaution, the**

applicant may want to instruct the referee to send the project director an e mail with a copy of the reference letter and form.

You must check with your project director to determine if your institution will be submitting all applications via G5, as required in the Federal Register, or if it has been granted a waiver from that requirement. All of the institution's applications must be submitted in the same format.

Upon submittal via G5 e-Application, students' applications will become available to their university's Project Director for review and transmittal to the U.S. Department of Education. **Only the Project Director is able to submit the application to the U.S. Department of Education.** A completed student application should contain the items specified below:

- Fulbright-Hays DDRA Application Form #022
- Curriculum vita
- Application narrative
- Application bibliography
- One Fulbright-Hays Foreign Language Reference Form, for each language needed to conduct the research outlined, submitted by your referring specialist via G5 e-Application
- Three Fulbright-Hays Graduate Student Reference Forms submitted by your referring specialists via G5 e- Application
- Transcripts (Graduate transcripts are required. Undergraduate transcripts are recommended to demonstrate the student's language and area studies experience.)
- Any letters of affiliation you wish to include. Note: Letters of Affiliation must be uploaded to G5 e-Application.
Letters of affiliation may not be mailed.

Important Note Regarding Host Country Research Clearances

When Fulbright Commissions or other overseas organizations apply for host country clearance for a DDRA fellow's project, US/ED expects that the organization will use the proposal submitted to USED by that fellow for the DDRA competition. It is not acceptable to "transfer" clearances from a project submitted under one program's competition to a project submitted under another program's competition, in order to expedite clearance. The project that we fund must be the one submitted to US/ED that was reviewed and scored by US/ED peer reviewers according to the DDRA program's selection criteria, and has undergone US/ED review procedures. This review process is the basis of US/ED funding decisions, which are approved by officials throughout the Department. US/ED understands that the proposals that students submit for other programs may be "basically" the same, but we simply do not have the ability to verify this. The proposals for other programs often have different page limits, requirements and selection criteria, resulting in an application that is really quite different from what was submitted to US/ED. US/ED can only be responsible for funding the projects submitted under the DDRA program.

US/ED urges fellows to begin the clearance process as soon as possible, and to understand that they may have to be flexible with regard to when they begin their research.

Important Note Regarding Host Country Visa Requirements

It is the applicant's responsibility to ensure that the research they propose can actually be carried out under the visa issued by the host country. Visa requirements change often and it is the

applicant's responsibility to ensure the research proposes meets the requirements/limitations of the visa. Students should review the host country visa requirements BEFORE submitting their application.

Frequently Asked Questions for Student Applicants

Q1. Can a student apply independently of his/her university?

A1. No. Eligible applicants are institutions of higher education in the U.S. The student's application must be submitted to his/her university and transmitted to US/ED via G5 e-Application by the university's Project Director.

Q2. How does a student find information about his/her Project Director?

A2: A student should check the list of Project Directors included in this application package. If a university has submitted applications for DDRA funding in any of the previous DDRA competitions, the name(s) of the Project Director(s) might be on the list. If an institution does not appear on the list, it may be necessary for that university's administration to appoint a Project Director, and ensure that he/she registers in the G5 e-Application system. Do not assume that an institution listed in the drop down list in G5 e-Application has a registered Project Director for the DDRA program. Please check the "Registered Project Director" list provided in the application for this information.

Q3. What is the role of the student's academic advisor?

A3. The student's advisor will continue to serve as his/her mentor regarding the academic details of his/her research. Any changes to the student's research plans as proposed in the application will require the advisor's written approval. The advisor should not serve as the student's Project Director. There can be only one current Project Director at an institution, and that person administers the grant and serves as the point of contact for all of that institution's fellows, regardless of research topic or discipline.

Q4. What is the process for completing the G5 e-Application?

A4. There are two primary sections to G5 e-Application – the student's individual section and the Project Director section. When the student submits his/her application via the G5 e-Application system, it is transmitted to his/her university's Project Director for review and submission to US/ED. Student applicants are not able to transmit their applications directly to US/ED. The Project Director is responsible for reviewing each student's individual application and submitting all student applications as a single form, including the required federal forms, to US/ED. Included in this submission are the graduate and language reference forms that were transmitted to the Project Director by the references. **Only the Project Director can submit an application to US/ED.**

Q5. When should a student submit his/her application?

A5. The Project Director determines the institutional deadline by which all sections of the application must be submitted. It is the responsibility of the student to ensure that the graduate and language references are submitted by references no later than the institutions' deadline which is determined by the Project Director.

Q6. What is the difference between the institutional deadline and the official Federal Register notice Inviting Applications (NIA)?

A6. The Project Director has authority to determine an institutional deadline to ensure that he/she receives all of the components of the application before the official closing date in the Federal Register notice. The Project Director may not submit an e-Application to US/ED after the published transmittal deadline.

Q7. How will a student know that his/her Project Director has access to his/her application?

A7. After the student submits his/her application via the G5 e-Application system, he/she will receive an email notification noting that his/her application has been received by the Project Director at his/her university. If he/she does not receive this email, the student should immediately contact the Help Desk. The Project Director will be copied on the email notification.

Q8. How does a student know that the Project Director has submitted his/her application to US/ED?

A8. Only the Project Director will receive a notification email once the application has been successfully transmitted to US/ED. The student will not receive an email notification and must check with his/her institution's Project Director to determine whether the institutional application has been successfully submitted.

Q9. Can transcripts be uploaded electronically, or must they still be submitted in paper format?

A9. Students must scan all transcripts and upload into the G5 e-Application. Students must remove any personally identifiable information (PII) such as birthdate, social security numbers, student IDs, or addresses from each transcript submitted. Only one upload is allowed, so all transcripts must be scanned and combined into one document. Transcripts obtained electronically must have all security features disabled. Failure to disable all security features may result in the inability of the panel reviewers to access the document as part of the official application process.

Q10. Should student applicants include their undergraduate transcripts?

A10. Yes, US/ED recommends that undergraduate transcripts are included with the student's application to demonstrate the applicant's language and area studies academic experience. Undergraduate transcripts should be combined with the graduate transcripts and uploaded into the G5 e-Application.

Q11. Should student applicants list their language and area studies course work in their CV?

A11. Yes. A list of language and area studies courses in the student's CV helps the panel reviewers to rate and score your academic qualifications and to determine if the applicant meets the eligibility requirements.

Q12. May a student apply for support to go to more than one country?

A12. Yes. A student may propose research in multiple countries. Please be aware that a copy of all principal and alternate candidate applications will be sent to the Fulbright Commission or American Embassy in each host country to be reviewed for political sensitivity, feasibility, and budget. Final award decisions for the project as a whole will be based on the project feasibility in each proposed country.

Q13. Even though the DDRA Program doesn't fund proposals that focus on Western European topics, may a student go to Western Europe to consult or research human or material resources on a non-Western European topic not available in the U.S.?

A13. Yes.

Q14. Are U.S. citizens enrolled at foreign institutions eligible for the DDRA program?

A14. No. Only U.S. institutions of higher education are eligible to apply to the DDRA program.

Q15. How important is the page limit cited in the Federal Register notice?

A15. The recommended page limit is extremely important. Please adhere to all of the guidelines in the Federal Register notice.

Q16. Should students include endnotes, footnotes or a bibliography?

A16. Endnotes, footnotes or a bibliography will certainly strengthen an application. However, footnotes and endnotes will be included with the application narrative and bibliography and is subject to the recommended page limits specified in the NIA.

Q17. What if a student proposes to use a much less commonly taught language and cannot find someone to evaluate him/her?

A17. The applicant should make every effort to find someone to evaluate their language proficiency. An application will be significantly less competitive if a language reference form is not included.

Q18. Should Letters of Affiliation from overseas host institutions or organizations be included in an application?

A18. Yes. Letters of Affiliation are helpful to the panel to review an application. Students must upload the letters into the G5 e-Application system and submit them as "Host Country Supporting Materials". Only one "Host Country Supporting Materials" document may be uploaded, so all letters must be scanned as one document. Letters or references sent in the mail will not be included with the student's application.

Q19. Do the provisions of the "Fly America Act" apply to this program? Does it benefit a student's application to request a lower amount, if he/she can find a cheaper non-U.S. carrier airfare?

A19 All travel must comply with the Fly America Act. International travel budget estimates should be based on jet economy high season rates on U.S. Flag carriers where available. Reviewers do not evaluate a student's budget request as part of the application review process.

Q20. What if a student is planning to get married after he/she applies, or is expecting a baby? Is he/she eligible for a dependent's allowance?

A20. Availability of funds and the date of the marriage or birth will determine whether an allowance can be awarded. Funds will not be available after September 30, 2021.

Q21. What signatures are required for G5 e-Application?

A22. No signatures are necessary for the student's application at the time of application submittal. However, signatures from a student's doctor/nurse practitioner and advisor may be requested at a later date.

Q23. Whom should the student contact in the event of technical problems with G5 e-Application (e.g., problems accessing the form)?

A23. If the student experiences any technical difficulties, he/she should contact the G5 e-Application Help Desk at 1-888-336-8930 (TTY: 1-855-333-2807, local 202-401-6238) Monday-Friday from 8:00 a.m. to 6:00 EST time.

Q24. If the student has a question specific to the DDRA program (e.g., eligibility requirements) whom should he/she contact?

A24. The student's first point of contact is **always** the institutional Project Director. The Project Director may then contact the US/ED program office at ddra@ed.gov, if further clarification is needed.

Q25. When will students be notified whether or not they have been selected?

A25. The review process for DDRA Program applications is lengthy and multi-faceted, so announcement times may vary. Please contact the Project Director for institutional notification deadlines.

Q26. When are fellowships activated?

A26. A fellowship may be activated after a Grant Award Notification (GAN) has been issued, host country visa and research requirements have been met; human subject research clearance, if required, has been given by the student's institution and US/ED reviewer; and travel approval has been obtained by the Project Director from US/ED. The GAN will specify the performance and budget periods. All research must be completed during these periods. The performance and budget period for the FY 2021 fellows begins October 1, 2021.

Q27. If a student relocates after submitting his/her application, should he/she send US/ED address updates?

A27. No. The Project Director is the first point of contact for students. Students must provide any changes and update to application information to the Project Directors.

Q28. May the university accept the award on a student's behalf if the student is overseas during the notification period?

A28. Yes. If the student has not received a fellowship that duplicates the DDRA award benefits, the university can accept an award on the student's behalf. The student should leave a letter with the Project Director authorizing acceptance of the award on his/her behalf.

Q29. Must a fellow apply for his/her own visa and research clearance?

A29. Yes. Fellows are advised to contact the host country's Fulbright Commissions and U.S. embassies for guidance on obtaining appropriate visas and clearances.

Q30. May a student request copies of his/her application's panel reviewers' comments?

A30. All panel reviewers' comments will be sent to the institutional Project Director upon announcement of the awards. Students should contact their Project Director to request a copy.

Q31. If a student's research project requires Institutional Review Board (IRB) approval what information needs to be provided in the DDRA application?

A31. Student applicants submit a completed Human Subjects Narrative. IRB approval is not needed at the time of application; however, a narrative must be submitted to the Project Director for uploading into the final application. The instructions for completing the narrative are in the ED Supplemental Form to the SF 424.

Q32. Am I eligible to apply for a DDRA fellowship if my language of research is English or my heritage language?

A32. Yes. Students whose language of research is English, or their heritage language are eligible to apply for a DDRA fellowship. However, only applicants who are using languages **other than** English or a native language are eligible to receive points under the "Qualifications of the Applicant" section criterion #3. Applicants using English or their native language should review Item 3 under "Qualifications of the Applicant" on the technical review form. [Please see section on "Special Note on Language Acquisition" regarding language acquisition information for applicants.]

Q33. May I request funds for hotel, lodging or per diem expenses?

A33. No. The maintenance amount awarded is based on the cities/regions and the research period spent in the approved area and should cover the lodging and other living expenses of the fellow. Therefore, DDRA funds will not be awarded for hotel stays nor for per diem expenses during the same research period when a maintenance allowance is awarded.

Q34. May permanent residents of other countries apply to their country of origin as one of the research sites?

A34. U.S. Legal Permanent Resident aka “green card” holders may apply to countries other than their country of origin. Applications from students who are permanent U.S. residents for research in which they hold a passport will not be accepted for that country.

Q35. What if my research location is not approved for travel by the U.S. Department of State Fulbright Programs?

A35. US/ED will not approve travel to countries for which the U.S. Department of State has strongly urged private American citizens to depart immediately for reasons of personal security (i.e., “ordered departure”), or suspended its Fulbright program for the same reason. US/ED will not approve travel to countries under an “authorized departure” where the Ambassador has specifically requested Fulbright fellows to leave for security or health reasons. For up-to-date information on travel warnings, please consult the U.S. Department of State travel warnings and consular information sheets at <http://travel.state.gov/>.

Q36. Can I have two Fulbright Fellowships (i.e., DDRA and U.S. Department of State Fulbright US Student Program (FUSP) at the same time?

No. Under 34 CFR 662.22(b), no applicant may receive concurrently a grant from the FUSP and a grant from the Fulbright-Hays DDRA Fellowship Program.

Q37. Can I accept an FUSP award and then pay back the program if I want to accept the DDRA award?

Once a candidate has accepted an award from FUSP and FUSP has expended funds on the student, the student is then ineligible for a grant under the Fulbright-Hays DDRA Fellowship Program. A student applying for a grant under the Fulbright-Hays DDRA Fellowship Program must indicate on the application if the student has currently applied for a FUSP grant. If, at any point, the candidate accepts a FUSP award prior to being notified of the candidate’s status with the Fulbright-Hays DDRA Fellowship Program, the candidate should immediately notify the program contact person. If, after consultation with FUSP, we determine that FUSP has expended funds on the student (e.g., the candidate has attended the pre-departure orientation or was issued grant funds), the candidate will be deemed ineligible for an award under the Fulbright-Hays DDRA Fellowship Program at that time.

Please note that there will be no flexibility on this issue. Likewise, it is understood that, should the candidate apply to both the FUSP and DDRA programs, he/she will be in similar communications with both offices on his/her status.

G5 e-Application Submission Procedures and Tips for Applicants

IMPORTANT – PLEASE READ FIRST

U.S. Department of Education

<http://www.G5.gov>

To facilitate your use of G5 e-Application, this document includes important application preparation and submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education. Please read and follow these step-by-step directions to create and submit your application.

ATTENTION

Applicants using the Department of Education's G5 e-Application system will need to register first to access an application package. Forms in an application package are completed on line and narratives are uploaded while logged into the system. Therefore, allow sufficient time to complete your application before the closing date. If you encounter difficulties, you may also contact the G5 helpdesk on 1-888-336-8930. The following are steps you should follow to successfully complete an application using G5 e-Application. Please note that there is a training module available on the G5 home page (www.G5.gov) that details the registration and G5 application processes in detail for users new to G5. You can access this module under the Main Menu of the homepage and link to Online Training. Look for the training topic G5 for Applicants.

Step 1 – **Register in G5** to access the electronic application package. If you are a new user, you will need to register to use G5 e-Application.

- From the G5 Portal Page <http://www.G5.gov/>, click on the Sign Up button for non-ED employees. The User Registration Screen displays.
- Click the button to the right of the ED Employee/ED Contractor field to display the employee/contractor options. Select the “no” list option. Enter all required information as noted by red asterisks (*).
- Click the continue button to proceed to the user registration agreement. Select the agree button to accept the terms of the user agreement, and then the Submit button. **Note:** If you do not agree, then you may not complete the registration process. The system displays a message indicating that the system will send a notification to your email address.
- The system sends a message with a link to activate your account. Clicking the link takes you to the Account Activation screen. Click the **Agree** option to accept the activation terms.
- Click on the Submit button to initiate your activation. Read the EDCAPS Security memorandum with the subject “G5 User ID and Password” and click the **Continue >** button. The next Account Activation screen will require you to complete the password, security question and security answer. Fill out the required fields and press the Continue button to move to the summary information.

- Click the **Activate** button to activate your account and save your password and security information. The system displays a message indicating that the account has been activated. You will now need to log into G5 where you will be taken to the My Profile page where you should select your role for access. In the Availability Types field, select “Applicant” from the list and Continue. Proceed through the next screen and Submit. You will then receive an email with the G5 link. Your applicant role may take a few minutes to activate.

If you already have a username and password for G5 use them to login. If you have access to more than one G5 module, you will be directed to select which module you wish to enter. Keep in mind that this username and password will be used for all G5 modules. In order to update your registration for additional G5 modules, click the appropriate tab on the top of the screen and provide the requested information.

The site is viewed best using Internet Explorer 5.5 or higher.

Step 2 - Add Application Package to your Start Page. From your Home Page, go to Grant Setup and click on “Package Submission.” Select the package for which you wish to apply and click on the “Initiate New Application” button. In the future, the package will now appear when you click on “Package Submission” or after using the “Click Here to view my Applications” link under “Quick View” on your Home Page.

Step 3 - Begin the Application. After going to the Application Package, click on the “Modify Application” button. This brings you to a page where you will see all of the application's forms and narratives listed.

Step 4 - Fill out Forms. Select the form you would like to complete and click on the “Edit Form” button to enter data. Remember to click the “Save” button at the bottom of the form and check the “Form Completed” box for each form as you complete it.

Step 5 - Upload File(s) for Narrative Responses. When prompted to attach narrative documents to application forms, enter the title of the document, and then Select the “Upload” button. Next, click on the “Browse” button to locate your file. Remember to click the “Save” button after you upload the document and check the “Form Completed” box when you finish uploading your file(s) and/or completing the form. Please note for file uploads, **we accept .pdf files only.**

Step 6 - Verify Information/Submit your Application. Verify your information is correct and complete before submitting. Only authorized individuals for your organization can submit an application. **Please check with your certifying official or sponsored research office before submission.** After all forms are completed, click on the “Continue” button at the bottom of your application. Enter and verify the Authorizing Representative information and click the “Submit” button. At the top of the page you will see a confirmation message stating that your application was successfully submitted and providing you with your application number. You will also receive an e-mail to confirm that your application was received, and it will include your application number. Please print and keep this e-mail for your records. [Reminder: applications must be submitted before 4:30:00 pm, Washington, D.C. time, on the deadline date for applications. G5 e-Application will not accept your application if you try to submit it after 4:30:00 on the deadline date.]

Step 7 – Printing Your Completed Application. You have the option to print each form at any time by clicking on the “View Form” button after selecting the appropriate form to print. After submission of your application, you have the option to print a complete e-Application package in PDF. From the Application Packages tab you will notice that your application status has changed from Draft to

Submitted. To locate the PDF of your application, select the package radio button and click the “Modify Application” button. Then select the “Click Here to view the PDF Package” in the upper right hand corner of the page under the Package Information section.

Step 8 - Fax the signed SF 424 Cover Page (or Program Specific Cover Page). Write your unique application number (received in step 8) on the upper right corner of your printed SF 424 Cover Page (or Program Specific Cover Page), and fax it to the Application Control Center (202) 245-6272 within 3 business days of submitting your e-Application. This may be optional for some programs.

NOTE: For more detailed information on submitting an e-Application, please see the **User Guide**. The Online Training can be found under the main menu at <http://www.G5.gov>.

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application:

1. Ensure that you only attach the Education approved file type detailed in the Federal Register application notice (read-only, non-modifiable .PDF files only). Also, do not upload any password protected files to your application.
2. When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. **We recommend you keep your file names to less than 50 characters.**
3. **PLEASE DO NOT USE SPECIAL/NONENGLISH CHARACTERS IN ANY FORM OR DOCUMENT FOR BOTH FELLOWSHIP APPLICANTS AND REFEREES** (for example, %, *, /, etc.) **Foreign characters or symbols includes words spelled with a non-English alphabet, such as “Boğaziçi” or “Nizām al-Dīn Gīlānī” or any word with an accent mark.** Both of these conditions (lengthy file names and/or special characters including in the file names) could result in difficulties opening and processing a submitted application.
4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. **Please note that each file attachment in e- Application has a file size limitation which is anywhere from 2 to 8 MB and the limitation will be indicated on the individual screen when you upload a file.** For reference, however, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the size of your attachments before uploading them into e-Application.
5. **PLEASE REDACT ALL PERSONALLY IDENTIFIABLE INFORMATION (PII) FROM TRANSCRIPTS.** PII includes birthdate, SSN, address from both your undergraduate and graduate transcripts. Please verify the school ID number to ensure it is not your SSN as many older transcripts used the SSN as the school ID.

Other Submission Tips

SUBMIT EARLY – We strongly recommend that you do not wait until the last day to submit your application. The time it takes to upload the narratives for your application will vary depending on a number of factors including the size of the files and the speed of your Internet connection. If you try to submit your application after 4:30:00 PM Washington, DC time on the deadline date, the G5 e-Application system will not accept it.

1. If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in this notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30 PM unless you follow the procedures in this notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions.

2. Dial-Up Internet Connections - When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in this notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.

3. Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through G5 because—

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to G5; and
- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application. If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Dr. Pamela J. Maimer, U.S. Department of Education, 400 Maryland Ave, S.W., Room 3E207, Washington, D.C. 20202. FAX: 202-453-5780.

Your paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

IRB Information for Student Applicants

DEFINITIONS FOR DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424 (Attachment to Instructions for Supplemental Information for SF 424)

Definitions:

Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

1. PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” *(1) If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed.***

Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine:

(a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) **Human Subjects Involvement and Characteristics:** Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) **Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s)**: If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the U.S. Department of Education, Protection of Human Subjects Coordinator, Office of the Chief Financial Officer, LBJ Building, 400 Maryland Avenue, SW, Washington, D.C. 20202-4250, telephone: (202) 260- 3353, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site: <http://www.ed.gov/about/offices/list/ocfo/humansub.html>

NOTE: The **State Applicant Identifier** on the SF 424 is for State Use only. Please complete it on the OMB Standard 424 in the upper right corner of the form (if applicable).

B. Petition Dismissal by the USPTO: If the applicant files an incomplete Form PTO/SB/437, or if an application accompanied by Form PTO/SB/437 does not comply with the requirements set forth in this notice, the USPTO will notify the applicant of the deficiencies by dismissing the petition, and the applicant will be given a single opportunity to correct the deficiencies. If the applicant still wishes to participate in the pilot program, the applicant must make appropriate corrections within 1 month or 30 days of the mailing date of the dismissal decision, whichever is longer. The time period for reply is not extendable under 37 CFR 1.136(a). If the applicant timely files a response to the dismissal decision correcting all the noted deficiencies without introducing any new deficiencies, the USPTO will grant the petition if a grantable request has been filed in a corresponding counterpart application. If the applicant fails to correct the noted deficiencies within the time period set forth, the USPTO may dismiss the petition and notify the designated partner IP office(s). The U.S. application will then be taken up for examination in accordance with standard examination procedures, unless designated special in accordance with another established procedure (e.g., Request for Prioritized Examination, Petition to Make Special Based on Applicant's Age).

C. Withdrawal of a Petition: An application can be withdrawn from the pilot program only by filing a request to withdraw the petition to participate in the pilot program prior to the issuance of a decision granting the petition. Once the petition for participation in the pilot program has been granted, withdrawal from the pilot program is not permitted.

V. Requirement for Restriction

The claims must be directed to a single invention. If the examiner determines that not all the claims presented are directed to a single invention, the telephone restriction practice set forth in MPEP sec. 812.01 will be followed. The applicant must make an election without traverse during the telephonic interview. If the applicant refuses to make an election without traverse, or if the examiner cannot reach the applicant after a reasonable effort (i.e., three business days), the examiner will treat the first claimed invention (the group of claim 1) as constructively elected without traverse for examination and include a basis for the restriction or lack of unity requirement in the FAOM. When a telephonic election is made, the examiner will provide a complete

record of the telephonic interview, including the restriction or lack of unity requirement and the applicant's election, in the FAOM. Applicants are strongly encouraged to ensure that applications submitted for the Expanded CSP are written in such a way that they claim a single, independent, and distinct invention. The applicant is responsible for ensuring that the same invention is elected in both the United States and all corresponding counterpart applications for concurrent treatment in the Expanded CSP.

VI. First Action on the Merits (FAOM)

During examination, the USPTO examiner will consider all exchanged search results and all references submitted by the applicant in accordance with 37 CFR 1.97 and 1.98. Search results that are not received by the USPTO within four months from the date the petition was granted may not be included in the FAOM. The examiner will prepare and issue an Office action and notify the applicant if any designated partner IP office did not provide search results prior to the issuance of the Office action. Once an FAOM issues, the application will no longer be treated as special under the Expanded CSP.

Andrew Hirshfeld,

Performing the Functions and Duties of the Under Secretary of Commerce for Intellectual Property and Director of the United States Patent and Trademark Office.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Fulbright-Hays DDRA Fellowship Program provides opportunities to doctoral candidates to engage in dissertation research abroad in modern foreign languages and area studies. The program is designed to contribute to the development and improvement of the study of modern foreign languages and area studies in the United States.

Priorities: This notice contains one absolute priority and two competitive preference priorities. In accordance with 34 CFR 75.105(b)(2)(ii), the absolute and competitive preference priorities are from the regulations for this program (34 CFR 662.21(d)).

Absolute Priority: For FY 2021, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is:

Specific Geographic Regions of the World.

A research project that focuses on one or more of the following geographic areas: Africa, East Asia, Southeast Asia and the Pacific Islands, South Asia, the Near East, Central and Eastern Europe and Eurasia, and the Western Hemisphere (excluding the United States and its territories).

Competitive Preference Priorities: For FY 2021, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award an additional four points to an application that meets Competitive Preference Priority 1 and

three points to an application that meets Competitive Preference Priority 2 (up to 7 additional points possible). These priorities are:

Competitive Preference Priority 1—Focus on Less Commonly Taught Languages (4 points).

A research project that focuses on any modern foreign language except French, German, or Spanish.

Competitive Preference Priority 2—Thematic Focus on Academic Fields (3 points).

A research project conducted in the field of science, technology, engineering, mathematics, computer science, education (comparative or international), international development, political science, public health, or economics.

Note: Applicants that address Competitive Preference Priority 2 must intend to engage in dissertation research abroad in modern foreign languages and area studies with a thematic focus on any one of the academic fields referenced above.

Program Authority: 22 U.S.C. 2452(b)(6).

Note: Projects must be awarded and operated in a manner consistent with the nondiscrimination requirements contained in the U.S. Constitution and the Federal civil rights laws.

Applicable Regulations: (a) The Education Department General Administrative Regulations in 34 CFR parts 75, 77, 81, 82, 84, 86, 97, 98, and 99. (b) The Office of Management and Budget Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485. (c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474. (d) The regulations for this program in 34 CFR part 662.

Note: The open licensing requirement in 2 CFR 3474.20 does not apply to this program.

II. Award Information

Type of Award: Discretionary grants redistributed as fellowships to individual beneficiaries.

Estimated Available Funds: \$4,274,500

Estimated Range of Awards: \$15,000–\$60,000.

Estimated Average Size of Awards: \$39,000.

Estimated Number of Awards: 90.

Note: The Department is not bound by any estimates in this notice.

Project Period: The institutional project period is 18 months. Students may request funding for a period of no less than six months and no more than 12 months.

III. Eligibility Information

1. *Eligible Applicants:* Institutions of higher education (IHEs). As part of the application process, however, eligible students submit their individual research narratives and forms to their home IHE. The IHE compiles all of the student applications for inclusion in the grant application that the institution submits electronically to the Department through the G–5 system.

2. *Cost Sharing or Matching:* This program does not require cost sharing or matching.

3. *Subgrantees:* A grantee under this competition may not award subgrants to entities to directly carry out project activities described in its application.

4. *Other:* Under 34 CFR 662.22(b), no student applicant may receive a grant from the Fulbright U.S. Student Program (FUSP) and a grant from the Fulbright-Hays DDRA Fellowship Program concurrently.

For this reason, when applying for a grant under the Fulbright-Hays DDRA Fellowship Program, the student must indicate in their application whether he or she has also applied for a FUSP grant. If, at any time during the U.S. Department of Education Fulbright-Hays DDRA competition process a student accepts a fellowship award from the FUSP, or the FUSP disperses funds to provide training services to the student, the student is automatically ineligible for consideration for a grant under the Fulbright-Hays DDRA Fellowship Program. Similarly, if the Fulbright-Hays DDRA program receives notification directly from the FUSP that it has awarded funds or provided training to a potential candidate for a Fulbright-Hays DDRA fellowship, we will automatically deem the student ineligible for an award under the Fulbright-Hays DDRA Fellowship Program. Therefore, students should notify the person listed under **FOR FURTHER INFORMATION CONTACT**, prior to accepting grant funds from the FUSP.

IV. Application and Submission Information

1. *Address to Request Application Package:* Both IHEs and student applicants can obtain an application package via the internet or from the Education Publications Center (ED Pubs). To obtain a copy via the internet, use the following address: www.G5.gov. To obtain a copy from ED Pubs, write, fax, or call the following:

ED Pubs, U.S. Department of Education, P.O. Box 22207, Alexandria, VA 22304. Telephone, toll free: 1-877-433-7827. FAX: (703) 605-6794. If you use a TDD or a TTY, call, toll free: 1-877-576-7734.

You can contact ED Pubs at its website, also: www.EDPubs.gov or at its email address: edpubs@inet.ed.gov.

If you request an application package from ED Pubs, be sure to identify this program as follows: Assistance Listing Number 84.022A.

2. Submission Dates and Times:

Submit applications for grants under the program electronically using *G5.gov*. For information (including dates and times) about how to submit your application electronically, please refer to 7. *Other Submission Requirements*.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under **FOR FURTHER INFORMATION CONTACT**. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

3. *Intergovernmental Review*: This program is not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

4. *Funding Restrictions*: We reference regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

5. *Recommended Page Limit*: The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. We recommend that you (1) limit the application narrative to no more than 10 pages and the bibliography to no more than two pages (2) use the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.

- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

- Use a font that is either 12 point or larger, or no smaller than 10 pitch (characters per inch).

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The recommended page limit does not apply to the cover sheet, budget section, including the narrative budget justification; the assurance and certifications; or the one-page abstract, the resumes, the biography, or letters of support. However, the recommended page limit does apply to all of the application narrative.

6. *Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management*:

To do business with the Department, you must—

- a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

- b. Register both your DUNS number and TIN with the System for Award Management (SAM), the Government's primary registrant database;

- c. Provide your DUNS number and TIN on your application; and

- d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet at the following website: <http://fedgov.dnb.com/webform>. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow two to five weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data you enter into the SAM database. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, it may be 24 to 48 hours before you can submit an application through G5.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a *SAM.gov* Tip Sheet, which you can find at: www2.ed.gov/fund/grant/apply/sam-faqs.html.

7. Other Submission Requirements:

Applications for grants under this program must be submitted electronically unless an IHE qualifies for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Submit applications for grants under the Fulbright-Hays DDRA Fellowship Program, Assistance Listing Number 84.022A, electronically using the G5 system, accessible through the Department's G5 site at: www.G5.gov. While completing the electronic application, both the IHE and the student applicant will be entering data online that will be saved into a database. Neither the IHE nor the student applicant may email an electronic copy of a grant application to us.

Please note the following:

- The process for submitting applications electronically under the Fulbright-Hays DDRA Fellowship Program requires several steps. The following is a brief overview of the process; however, all applicants should review the detailed description of the application process in the application package. In summary, the major steps are:

(1) IHEs must email the name of the institution and the full name and email address of the project director to ddra@ed.gov. We suggest that applicant IHEs submit this information no later than two weeks prior to the application deadline date to ensure that they obtain access to G5 well before that date;

(2) Students must complete their individual applications and submit them to their home IHE project director using G5;

(3) Persons providing references for individual students must complete and submit reference forms for the students and submit them to the IHE's project director using G5; and

(4) The IHE's project director must officially submit the IHE's application, including all eligible individual student applications, reference forms, and other required forms, using G5.

- The IHE must complete the electronic submission of the grant application by 4:30:00 p.m., Eastern Time, on the application deadline date. G5 will not accept an application for

this competition after 4:30:00 p.m., Eastern Time, on the application deadline date. Therefore, we strongly

recommend that both the IHE and the student applicant not wait until the application deadline date to begin the

application process. The table below shows the days and times that the G5 website will be available.

G5 HOURS OF OPERATION IN EASTERN TIME

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
Unavailable from 03:00 p.m.–11:59 p.m.	Unavailable from 12:00 a.m.–06:00 a.m.	Available 24 hours.	Unavailable from 09:00 p.m.–11:59 p.m.	Unavailable from 12:00 a.m.–06:00 a.m.	Available 24 hours.	Available 24 hours.

- Student applicants will not receive additional point value because the student submits his or her application in electronic format, nor will we penalize the IHE or student applicant if the applicant qualifies for an exception to the electronic submission requirement, as described elsewhere in this section, and submits an application in paper format.

- *IHEs must upload all application documents electronically, including the following forms:* The Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- Both IHEs and student applicants must upload the narrative sections and all other attachments to their application as files in a read-only flattened Portable Document Format (PDF), meaning any fillable documents must be saved and submitted as non-fillable PDF files. Do not upload any interactive or fillable PDF files. If you upload a file type other than a read-only, non-modifiable PDF (e.g., Word, Excel, WordPerfect, etc.) or submit a password-protected file, we will be unable to review that material. Please note that this will likely result in your application not being considered for funding. The Department will not convert material from other formats to PDF.

- Submit student transcripts electronically through the G5 system.

- Prior to submitting your electronic application, you may wish to print a copy of it for your records.

- After the individual student electronically submits his or her application to the IHE, the student will receive an automatic acknowledgment from the G5 system. After a person submits a reference electronically, he or she will receive an online confirmation from the G5 system. After the applicant IHE submits its application, including all eligible individual student applications, to the Department, the applicant IHE will receive an automatic acknowledgment from G5 that will

include a unique PR/Award number for the IHE's application.

- Within three working days after submitting its electronic application the applicant IHE must—

- (1) Print the SF 424 from G5;

- (2) Have the Authorizing Representative sign this form;

- (3) Place the PR/Award number in the upper right-hand corner of the hard-copy signature page of the SF 424; and

- (4) Fax the signed SF 424 to the Application Control Center at (202) 245–6272.

- We may request that you provide us hard copies with original signatures for other forms in the application at a later date.

Application Deadline Date Extension in Case of System Unavailability: If an IHE is prevented from electronically submitting its application on the application deadline date because the G5 system is unavailable, we will grant the IHE an extension until 4:30:00 p.m., Eastern Time, the following business day to enable the IHE to transmit its application electronically, by mail, or by hand delivery. We will grant this extension if—

- (1) The IHE is a registered user of the G5 system and the IHE has initiated an electronic application for this competition; and

- (2) (a) G5 is unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Eastern Time, on the application deadline date; or

- (b) G5 is unavailable for any period of time between 3:30 p.m. and 4:30:00 p.m., Eastern Time, on the application deadline date.

We must acknowledge and confirm these periods of unavailability before granting the IHE an extension. To request this extension or to confirm our acknowledgment of any system unavailability, an IHE may contact either (1) the person listed under **FOR FURTHER INFORMATION CONTACT** or (2) the e-Grants help desk at 1–888–336–8930. If G5 is unavailable due to technical problems with the system and, therefore, the application deadline is extended, an email will be sent to all registered users who have initiated a G5

application. Extensions referred to in this section apply only to the unavailability of the G5 system.

b. *Submission of Paper Applications.*

We discourage paper applications, but if electronic submission is not possible (e.g., you do not have access to the internet), you must provide a written statement that you intend to submit a paper application. Send this written statement no later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday) to Dr. Pamela J. Maimer, U.S. Department of Education, 400 Maryland Ave SW, Room 258–24, Washington, DC 20202–4260. Telephone: (202) 453–6891. Email: ddra@ed.gov.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. Please send this statement to the person listed under **FOR FURTHER INFORMATION CONTACT**.

If you submit a paper application, you must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education, Application Control Center, Attention: (Assistance Listing Number 84.022A) LBJ Basement Level 1, 400 Maryland Avenue SW, Washington, DC 20202–4260

The IHE must show proof of mailing consisting of one of the following:

- (1) A legibly dated U.S. Postal Service postmark.

- (2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.

- (3) A dated shipping label, invoice, or receipt from a commercial carrier.

- (4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If the IHE mails its application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.

(2) A mail receipt that is not dated by the U.S. Postal Service.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, the IHE should check with its local post office.

We will not consider applications postmarked after the application deadline date.

c. Note for Mail or Hand Delivery of Paper Applications: If an IHE mails or hand delivers its application to the Department—

(1) The IHE must indicate on the envelope and—if not provided by the Department—in Item 11 of the SF 424 the Assistance Listing Number, including suffix letter, if any, of the competition under which the IHE is submitting its application; and

(2) The Application Control Center will mail a notification of receipt of the IHE's grant application. If the IHE does not receive this grant notification within 15 business days from the application deadline date, the IHE should call the U.S. Department of Education Application Control Center at (202) 245-6288.

V. Application Review Information

1. *Selection Criteria:* The selection criteria for this competition are from the regulations for this program in 34 CFR 662.21 and are as follows:

(a) *Quality of proposed project.* (60 points) The Secretary reviews each application to determine the quality of the research project proposed by the applicant. The Secretary considers—

(1) The statement of the major hypotheses to be tested or questions to be examined, and the description and justification of the research methods to be used;

(2) The relationship of the research to the literature on the topic and to major theoretical issues in the field, and the project's originality and importance in terms of the concerns of the discipline;

(3) The preliminary research already completed in the United States and overseas or plans for such research prior to going overseas, and the kinds, quality and availability of data for the research in the host country or countries;

(4) The justification for overseas field research and preparations to establish appropriate and sufficient research contacts and affiliations abroad;

(5) The applicant's plans to share the results of the research in progress and a copy of the dissertation with scholars and officials of the host country or countries; and

(6) The guidance and supervision of the dissertation advisor or committee at all stages of the project, including

guidance in developing the project, understanding research conditions abroad, and acquainting the applicant with research in the field.

(b) *Qualifications of the applicant.* (40 points) The Secretary reviews each application to determine the qualifications of the applicant. The Secretary considers—

(1) The overall strength of the applicant's graduate academic record;

(2) The extent to which the applicant's academic record demonstrates strength in area studies relevant to the proposed project;

(3) The applicant's proficiency in one or more of the languages (other than English and the applicant's native language) of the country or countries of research, and the specific measures to be taken to overcome any anticipated language barriers; and

(4) The applicant's ability to conduct research in a foreign cultural context, as evidenced by the applicant's references or previous overseas experience, or both.

2. *Review and Selection Process:* We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

For FY 2021, student applications will be divided into seven categories based on the world area focus of their research projects, as described in the absolute priority. Language and area studies experts in discrete world area-based panels will review the student applications. Each panel will review, score, and rank its applications separately from the applications assigned to the other world area panels. However, all fellowship applications will be ranked together from the highest to lowest score for funding purposes.

3. *Risk Assessment and Specific Conditions:* Consistent with 2 CFR 200.205, before awarding grants under this competition the Department conducts a review of the risks posed by

applicants. Under 2 CFR 3474.10, the Secretary may impose specific conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. *Integrity and Performance System:* If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), under 2 CFR 200.205(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

5. *In General:* In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with—

(a) Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR 200.205);

(b) Prohibiting the purchase of certain telecommunication and video surveillance services or equipment in alignment with section 889 of the National Defense Authorization Act of 2019 (Pub. L. 115-232) (2 CFR 200.216);

(c) Providing a preference, to the extent permitted by law, to maximize

use of goods, products, and materials produced in the United States (2 CFR 200.322); and

(d) Terminating agreements in whole or in part to the greatest extent authorized by law if an award no longer effectuates the program goals or agency priorities (2 CFR 200.340).

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. *Performance Measures:* Under the Government Performance and Results Act of 1993 (GPRA), the objective for the Fulbright-Hays DDRA Fellowship Program is to provide grants to colleges and universities to fund individual doctoral students to conduct research in other countries in modern foreign

languages and area studies for periods of 6 to 12 months.

The Department will use the following measures to evaluate its success in meeting this objective:

DDRA GPRA Measure 1: The percentage of DDRA fellows who increased their foreign language scores in speaking, reading, or writing by at least one proficiency level.

DDRA GPRA Measure 2: The percentage of DDRA fellows who complete their degree in their program of study within four years of receipt of the fellowship.

DDRA GPRA Measure 3: The percentage of DDRA fellows who found employment that utilized their language and area studies skills within eight years of receiving their award.

DDRA GPRA Measure 4: Efficiency Measure—The cost per DDRA fellow who found employment that utilized their language and area studies skills within eight years.

The information provided by grantees in their performance report submitted via IRIS will be the source of data for these measures. Reporting screens for institutions and fellows may be viewed at: http://iris.ed.gov/iris/pdfs/DDRA_director.pdf. http://iris.ed.gov/iris/pdfs/DDRA_fellow.pdf.
